Morsels of Dentistry Student Session

Our annual student session is titled "Morsels of Dentistry" and all students and dentists are encouraged to be there. Our format will change this year, so students, come prepared with your questions. Dentists, be prepared to share a "morsel" of wisdom. Morsels can range from a best business practice, financial planning advice, a favorite product – anything you think will help the students become more successful after graduation.

This activity has been planned and implemented in accordance with the standards of the Academy of General Dentistry Program Approval for Continuing Education [PACE] through program approval of the American Association of Women Dentists. AAWD is approved for awarding FAGD/MAGD credit.

4:30 pm **Tongue Tied: A Personal Journey and Triumph Over Oral Cancer**
Presentation by **Eva Grayzel, Oral Cancer Survivor/Motivational Speaker**

1.5 CE Hours

On Thursday evening, we welcome **Eva Grayzel**, Oral Cancer Survivor and Motivational Speaker, who will present *Tongue Tied: A Personal Journey and Triumph Over Oral Cancer*. Eva Grayzel was diagnosed with Stage 4 Tongue Cancer at age 33. A never-smoker/non-drinker, she endured a partial tongue reconstruction, a modified radical neck dissection and a maximum dose of radiation therapy. Although a late stage diagnosis for oral cancer is common, Eva's recovery is unique. Her exceptional rehabilitated speech allows her to branch into lecturing to dental professionals, educators and students about her journey: from the earliest symptoms through diagnosis, surgery and radiation therapy.

Copies of Eva's new book "You Are Not Alone, Families Touched by Cancer" will be available for sale.

6:00 - 7:30 pm **Welcome Reception**

Immediately following Ms. Grayzel's presentation, there will be a Champagne and Chocolate welcome reception.

Brushing Up Your Memory
Paul Mellor, CEO, SuccessLinks

Can't remember where you put those keys, papers, glasses? Attend this lecture, entitled "**Brushing Up Your Memory.**" Finally, a session that rids your poor memory of forgotten names, misplaced files and 'I know it's here somewhere' statements to a mind that's efficient and reliable. You'll learn techniques for beating absent-mindedness and successful strategies for getting through a day without the fear of forgetting. Paul Mellor, President of SuccessLinks, was a finalist in the *2008 USA Memory Championship* in New York City. Mellor remembered the names of over 90 people in less than 15 minutes, recalled in correct order over 100 single digit numbers after a five minute study and recalled the exact order of a shuffled deck of playing cards after less than a three and a half minute review.

An Introduction to Essix Minor Tooth Movement
Janice Goodman, DDS

Our first session of the day is a hands-on course entitled, "*An Introduction to Essix Minor Tooth Movement*" presented by Dr. Janice Goodman. This course is for dentists who are interested in doing simple tooth movements using clear plastic Essix aligners.

Dr. Janice Goodman graduated from the University of Toronto in 1979, and is in a private practice in downtown Toronto. She has been on the editorial board of Oral Health Dental Journal since 1999. Janice first studied Essix tooth movement from Dr. Jack Sheridan and Dr. Keith Hilliard in 2000 in New Orleans, LA, and has been involved in its development and integration into mainstream dentistry. She was on the advisory board of Raintree Essix for several years.
